EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. William Park on 04/11/2005.

The application has been amended as follows:

In claim 1, line 38 (page 4, line 20 of the Amendment filed 02/22/2005), delete "the" in front of "first high selection ratio", and insert --a-- instead;

In claim 8, line 1, delete "the" in front of "metal" and insert --a-- instead; line 2, delete "a" in front of "metal layer" and insert --the-- instead.

2. The following is an examiner's statement of reasons for allowance: the cited prior art, individually or in combination, does not disclose or suggest all of the claimed elements in the present application wherein the amendment of claim 1 overcome the applicant's admitted prior art in which the non-linear planarization is performed with a first high selection ratio after the recited gate structure formation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
